

Dear Rep. _____ Dist. _____

In two elections, Illinois voters have spoken out overwhelming for publicly financed "Clean Elections."

In the November 2008 election 70% of the voters in 7 precincts in Chicago voted for Clean Elections.

In the April 2009 77% voted for Clean Elections election in 66 precincts in Aurora. It's clear the public wants to put end to pay-to-play politics.

I urge you to support **HB 1324, the Illinois Clean Elections Act** which would establish **voluntary publicly financed elections for statewide offices.**
